ALL NICE FIELD GROWN

		per doz.	100
ACHILLEA, New, Boule de Neige —This is an improvement on the famous popular Pearl.			
The habit of the plant is erect instead of spreading as in Pearl, making a much neater appearance.	.85	6.00	
ALYSSUM, Saxatile Compactum —Flowers golden yellow, desirable for rock work and very showy in masses. Blooms in spring	.50	3.00	
AQUILEGIA —The Columbines are old favorite late spring and early summer blooming plants, growing about two feet high, that succeed in any ordinary soil			
Coerulea Hybrida —A fine mixture	.60	4.00	
Chrysantha —White	.60	4.00	
Chrysantha —Yellow	.60	4.00	
ANCHUSA, Italica, Dropmore variety (<i>Giant For-get-me-not</i>)—A tall growing beautiful for-get-me-not, deep blue, extra fine, root cutting grown	1.00	7.00	
Opal —Similar in all respects to the preceding except in color, which is a fine lustrous light blue	1.25	10.00	
ASCLEPIAS, Tuberosa —Flowers brilliant orange-red on stems two feet high. It is one of the most gorgeous American flowers and should be in every collection	.60	4.00	
HARDY ASTERS (<i>Michaelmas Daisies</i>)			
Amellus Elegans —Dwarf, deep blue, large flowers	.75	6.00	
Mrs. F. W. Raynor —Large, rich red, 4 feet	.75	5.00	
Perry's Pink —Pink	.75	5.00	
Robert Parker —Light blue	.75	5.00	
White Queen —White, fine	.75	5.00	
BOCCONIA, Cordata (<i>Plume Poppy or Tree Celandine</i>)—A noble hardy perennial, beautiful in foliage and flower, and admirably adapted for planting in the shrubbery borders, center of beds, and in bold groups in almost any position. It will grow in any soil or situation, attaining from 6 to 8 ft. in height; flowers in terminal panicles, of a creamy-white color, during July and August	.60	4.00	
BOLTONIA Asteroides —Among the showiest hardy perennial plants, with large single Aster-like flowers. The plant is in bloom during the summer and autumn months with its thousands of flowers open at one time produces a very showy effect. Pure white, very effective, 5 to 7 feet	.60	4.00	
Latisquamiae —Lavender pink	.60	4.00	
CALLIRHOE Involucrata (<i>Crimson Poppy Mallow</i>)—An elegant trailing plant with finely divided foliage and large, saucer shaped flowers of bright rosy crimson, with white centers, which are produced all summer and fall	.50	3.00	
CASSIA Marilandica (<i>American Senna</i>)—A plant growing from 3 to 4 feet high, bush, with large panicles of bright yellow, curiously shaped flowers in abundant axillary clusters from July to August. The beautiful pinnate light green foliage is very pleasing. A very desirable plant	.75	5.00	

	per doz.	100		per doz.	100
CHRYSANTHEMUMS —Hardy, large flowered Old Homestead —Pink	.75	5.00	EULALIA Gracilis Univitata —This plant is of most graceful habits and is very useful for decorating purposes. The best ornamental grass in culti- vation	.75	4.00
COREOPSIS Grandiflora —Good shades of yellow that are desirable for cut flow- ers, and that make a grand display in the garden, are scarce. In this we have perfection in both. Flowers as large as Cosmos, a most beautiful yellow, with good long stems. Every one that likes yellow will find this grand for cutting	.50	3.00	Japonica Zebrina (Zebra Grass) — Leaves crossed every two or three inches by a band of yellow half an inch wide	.75	5.00
Lanceolata —A beautiful hardy border plant, grows 15 to 18 inches high and produces its bright golden yellow flowers in great profusion. Best for hardy border	.60	4.00	Japonica Variegata —Long, narrow leaves striped with green and white	.75	5.00
CHELONE, Lyonii (Shell Flower) —Heads of showy deep rosy red flowers. Stately and handsome perennials, growing about 2 feet high and bear- ing numerous spikes of large flow- er-heads during the summer and fall	.75	5.00	FUNKIA (Day Lily) Undulata Variegata —Graceful leaves having fluted white edge	.85	6.00
DELPHINIUM (Perennial Larkspur) — Indispensable to the herbaceous gar- den. Their long, showy spikes of flowers persist from June till frost and furnish the most satisfactory blues to any color scheme			FOR-GET-ME-NOT Myosotis Palustris Semperflorens —A variety that is hardly ever out of flower; useful in a shady spot in the border and for forcing for cut flowers in the winter	.60	4.00
Belladonna —A magnificent new sort, unrivalled for continuance of bloom, with large spikes of the most deli- cate turquoise-blue. July till frost	.85	6.00	GYPSOPHILLA Panaculata —(<i>Baby's Breath</i>)—A beautiful old-fashioned plant, possessing a grace not found in any other perennial and attract- ing the eye of everyone	.50	3.00
Formosum —The old favorite dark blue with white centre, 3 to 4 feet high. Very vigorous, free-flowering, and one of the best	.60	4.00	Panaculata Fl. Pl. —(<i>New Double Baby's Breath</i>)—The pretty little double rosette-like flowers of this new variety, which are produced in much-branched panicles, 3 to 3½ ft. high, are not only valuable for cut- ting but a most desirable addition to the hardy border		2.00
DIGITALIS (Foxglove) —White, rose and mixed	.60	4.00	GERANIUM Ibericum —Rosy purple	.85	
EUPATORIUM Coelestinum —A pretty hardy plant with light-blue flowers similar to the Ageratum; begins to flower in August and continues till frost, 24 inches high	.60	4.00	HELIANTHUS Sparsifolius — A most gracefully formed single variety of large size, of a deep yellow color, on long stems; splendid for cutting; August to September; 6 to 8 feet	1.00	8.00
ORNAMENTAL GRASSES These are now used very extensively for beds and specimens on lawns			Mellis Grandiflorus —Light lemon yel- low, large single. Foliage quite hairy, 4 feet	.75	5.00
ERIANTHUS Ravennae (Plume Grass or Hardy Pampas) —Grows from 9 to 12 ft. high. It resembles Pampas grass	.75	5.00	MALLOW "MEEHAN'S MARVELS" — Should be in every garden. The most beautiful hardy plant ever originated in this country and sure to please every one. The colors range from fiery crimson through various shades of red and pink to white. Mixed	1.50	10.00
			White	1.00	8.00
			Shades of Red	2.00	15.00

MARTIN KOHANKIE, NURSERIES, PAINESVILLE, OHIO

3

	per doz.	100		per doz.	100
HEPATICa (Liver Leaf)			Mrs. H. Darwin —Pure white, falls		
Triloba—A pretty native spring flowering plant, with pretty blue flowers	.60	4.00	slightly reticulated violet at the base, very beautiful and very free flowering, 2 feet	.75	5.00
HEMEROCALLIS (Yellow Day Lily) —			Pallida Albert Victor —Very large late light lavender. Exceptionally fine	1.25	10.00
Popular hardy tuberous plants, belonging to the Lily family. They succeed everywhere, and should always be included in the border of old fashioned hardy plants			Pallida Mandraliscae —Rich lavender-purple, large and handsome, very early, 40 in. Extra fine	.85	6.00
Dumortieri —Dwarf and compact, It grows about 2 ft. high. Has orange colored flowers, May	.60	4.00	Pallida Lavender Queen —Lavender-blue	.75	4.00
Flava (Lemon Lily) —Crowned by beautiful lemon colored flowers 3 to 4 inches in diameter and delightfully fragrant. May and June	.60	4.00	MINIATURE GERMAN IRIS		
Florham —Large golden yellow, sweet-scented flowers; very free flowering in July and August	1.25	10.00	Stewart —Very early, clear yellow	1.50	
Flava Major —A very large and handsome, free flowering variety, very sweet scented, June, 2½ feet	1.00	8.00	Violacea —Violet-blue	.75	5.00
Luteola —Large light yellow, rare	1.25	10.00	IRIS SIBERIAN —Fine for cutting		
Thunbergii —Lemon yellow, the latest blooming of all Lemon lilies	.60	4.00	Iris Siberica —Purplish blue, 3 feet high very desirable	.60	4.00
HOLLYHOCKS Single —One of the most stately, picturesque and beautiful plants in the world. Nothing can be more effective than a large group or mass of single Hollyhocks, and once planted they will literally take care of themselves. Extra fine assortment, mixed	.60	4.00	Iris Siberica Alba —Fine white	.60	4.00
HELIOPSIS Zinniaflora —(New Double)			Orientalis, Snow Queen —An exquisite new hardy Iris; flowers of a snowy whiteness, large and well-formed, produced in great abundance, foliage light and graceful. A gem for flower border or waterside, 2 to 3 feet high. Award of Merit	.75	5.00
A hardy Orange yellow Zinnia like Heliopsis, one of the few new very good border plants and beautiful as cut flowers in July and August	2.00	15.00	IRIS, Japan —Mixed	.60	4.00
HELENIUM (Sneeze Wort) —All of these are desirable border plants, succeeding in any soil a sunny location, with broad-spreading heads of flowers, useful for cutting, each species covering a long blooming season			Gold Bound —Double white	.75	5.00
Autumnale Superbum —Golden yellow flowers during the late summer and fall months; 5 to 6 feet	.85	6.00	Eclipse —Crimson, purple	.85	6.00
Rubrum —New bright terra-cotta red	1.00	8.00	Purple and Gold —Purple, yellow band center each petal	.85	6.00
IRIS, German or Orchid-flowered Fleur de Lis			Iris Pseudo Acorus —One of the best, bright yellow	.75	4.00
Florentina Alba —Very early large white	.75	4.00	IBERIS Sempervirens (Evergreen Candy-tuft) —Handsome evergreen foliage, completely hidden in April and May with heads of white flowers, 2 yrs.	.60	3.00
Honorable —Golden yellow standards, falls rich crimson brown	.60	3.00	LYCHNIS		
Her Majesty —Rose crimson	1.25		Chalcedonica —A most desirable plant, heads of brilliant orange-scarlet, grows 2 to 3 feet high and blooms all summer	.60	4.00
Mad. Chereau —White, blue margin, very fine	.60	3.00	Viscaria, Double Red —Forms a dense tuft of evergreen foliage, and in June send up spikes of handsome, double, deep red, fragrant flowers, remaining in perfection for six weeks	.75	4.00
			LAVANDULA (Lavender)		
			Vera —This is the true Sweet Lavender; grows about 18 inches high; delightfully fragrant blue flowers in July and August	1.00	8.00
			LIATRIS Pycnostachya (Blazing Star or Gay Feather) —Most showy and attractive plant, producing large spikes of light rosy-purple flowers from July to September	.60	4.00

	per doz.	100		per doz.	100
LILY Superbum —A beautiful native variety; bright reddish-orange, spotted; 6 feet; August	.75	5.00	NEW HARDY GARDEN PINK Countess Knut —Very beautiful apricot yellow fragrant	2.00	15.00
LINUM Perenne —Foliage is fine and graceful, with flowers shaped like those of Phlox. Bloom all summer. Clear, delicate, light blue	.60	4.00	PERENNIAL PEA —Red, white pink	.60	4.00
Flavum —Bright yellow flowers from June to September; 1 foot	.75	5.00	NEW PHLOX, Eiffel Tower —A most beautiful shade of shell pink	2.00	15.00
MERTENSIA, Virginica (Blue Bells) —An early spring-flowering plant, growing about 1 to 1½ feet high, with drooping panicles of handsome light blue flowers	.60	4.00	PHLOX —Creeping, very early Subulata Alba (White Moss Pink) —In April and May presenting an unbroken mass of bloom like a drift of snow	.60	4.00
MONARDA, Cambridge Scarlet (Bergamot) —Brilliant crimson scarlet. Showy plants, growing from 2 to 3 feet high, succeeding in any soil or position, with aromatic foliage, and producing their bright flowers during July and August	.60	4.00	Subulata Nelson —Pink	.60	4.00
MOSQUITO PLANT —An interesting plant from Japan, with small white flowers in summer, which attracts and kills insects. The foliage is dark green and almost evergreen	1.00	8.00	Subulata Nelson —White	.60	4.00
PYRETHRUM Ulginosum (Giant Daisy) —Covered with large white daisy-like flowers, 3 inches in diameter, from July to September	.75	5.00	RUDBECKIA —Indispensable plants for the hardy border; grow and thrive anywhere, giving a wealth of bloom, which are well suited for cutting Newmanii —Dark orange flowers, with deep purple cone, borne on stiff wiry stems, 3 feet high, admirably fitting it for cutting. Flowers from July to October	.60	4.00
POLYGONUM Compactum —Grows about 15 inches high, and during August and September the entire plant appears as a foamy mass of white flowers	.75	5.00	Golden Glow —We question if any one hardy perennial plant has ever met greater popularity than this. It is a strong robust grower, attaining a height of 5 to 6 feet and produces masses of double golden yellow Cactus Dahlia-like flowers from July to September. Clumps	.75	5.00
POLYGONUM Cupidatum —A magnificent plant for producing bold masses of foliage, growing 8 feet high in good soil. Numerous fragrant white spirea-like flowers issues from the axils of the leaves. A stately plant for large flower-borders, shrubberies, wild gardens, banks of streams and ponds and for growing beneath large trees	1.00	7.00	Sub-Tomentosa —A pyramidal, densely branched plant, two and one-half feet high, which is completely enveloped throughout the summer in a mass of brilliant lemon-yellow flowers with dark purple center	.60	4.00
PLATYCODON Mariesi —Dwarf, deep blue bell shaped flowers, nearly 3 inches across	.60	4.00	Maxima —A rare and attractive variety, growing 5 feet high, with large glaucous green leaves and bright yellow flowers 5 to 6 inches across, with a cone 2 inches high; flowers continuously from June to September. A variety that should be in every garden. Of special merit	.75	5.00
Grandiflora —Chinese Bell flower, tall blue	.60	3.00	STOKESIA Cyanea (The Cornflower or Stoke's Aster) —A most charming and beautiful plant. Grows from 18 to 24 inches high, bearing freely from early in July until October its handsome lavender blue Cornflower-like blossoms, which measure from 4 to 5 inches across	.60	4.00
PLUMBAGO Larpente —Intense blue, dwarf, fine for border	.75	5.00	Cyanea Alba —White	.60	4.00
PINK, Her Majesty —Double white, 2 yrs.	.60	4.00	SHASTA DAISIES, Alaska —The most beautiful named sort	.75	6.00
			SHASTA DAISIES —Large flowered improved hybrids	.60	4.00

5

	per doz.	100		per doz.	100
SEDUM "Brilliant" (Sedum) A sport from the variety <i>atropurpurea</i> , and by far the richest colored yet produced, being a bright shade of amaranth-red or dark crimson	1.00	7.00	THALICTRUM Aquilegifolium —Elegant graceful foliage and masses of rosy-purple flowers	.75	5.00
Sieboldii —3 to 4 inches. August to September. Flowers bright pink. Rare and choice	.75	4.00	VERONICA Amethystina (Speedwell) Amethyst-blue flowers in July and August, 2 feet	.75	5.00
Spectabilis —One of the prettiest erect growing species, attaining a height of 18 inches, with broad light green foliage and immense heads of handsome showy rose colored flowers; indispensable as a late fall-blooming plant	.60	4.00	Incana —Bright silvery foliage, with spikes of amethyst-blue flowers; July and August; 1 foot	.75	5.00
SCABIOSA, Japonica —Lavender-blue flowers 2 to 2½ inches across; very floriferous; in bloom from July to September; 2 feet	.60	4.00	Elegantissima —Erect spikes of bright pink	1.00	7.00
SALVIA Azurea Grandiflora —A Rocky Mt. species, growing 2 to 3 ft. high producing during August and September pretty sky-blue flowers in the greatest profusion	.60	4.00	Longifolia Subsessilis —A pretty species with blue flowers; produced on spikes a foot long, continuing in bloom the entire summer and fall	1.00	7.00
Pitcheri —Similar to the above but of more branching habit and larger flowers of a deep blue color. Very beautiful in September and October	1.50	12.00	HARDY VIOLETS		
SWEET WILLIAM Vaughan's Special—Mixed	.60	4.00	Double Russian —Fine large, double, deep purple flowers of exquisite fragrance	.85	6.00
SONECIA Pulcre —A beautiful daisy-like flower on stems 18 in. high, purple with yellow center	.85	6.00	VALERIANA (Spurred Flower) Coccinea (Valerian) —Showy heads of reddish flowers from June to October; 2 feet	.85	6.00
SAXIFRAGA Cordifolia —Fine evergreen foliage blooms in April and May on spikes of deep rose flowers, 2 feet	1.25	10.00	VINCA (Periwinkle or Trailing Myrtle) Minor —An excellent dwarf evergreen trailing plant that is used extensively for carpeting the ground under shrubs and trees, or on graves where it is to shady for other plants to thrive. Fine clumps	.75	5.00
			YUCCA Filamentosa (Adam's Needle) — A hardy evergreen plant with long narrow leaves that are bright green the whole year. The flowers are creamy white, bell-shaped, produced on long spikes three to four feet high. Fine stately lawn plant. Extra fine plants		1.25 8.00

CLEVELAND PEONY SHOW, 1913

1st Prize Vase of Mons. Jules Elie Peonies Grown by Martin Kohankie,
Painesville, Ohio

The Florists' Review in commenting on the show says the vase of Mons. Jules Elie grown by Martin Kohankie was clearly the finest exhibit in the hall.

PAEONIES —Large, three years, undivided clumps	each		
Mons. Jules Elie —The peerless pure pink one of the largest, handsomest and most lasting cutting sorts in existence			1.00
Duchess de Nemours —Large, creamy white, especially fine. The leading white Paeonia for cut flowers bearing nearly twice as many flowers as any white in cultivation. Also valuable garden variety	.50		
Dorchester —Beautiful shell pink. Free bloomer, fine cutting and garden sort, late	.75		
Duke of Wellington —Large cones of creamy white; blush guards, free to bloom, long stems	.75		
Duchess de Orleans —Large, rose shaped flowers with spreading guards of rose color, center buff	.50		
Felix Crousse —Large double ball-shaped bloom; color rich ruby-red; we think the best red Peony	1.50		
Festivea Maxima —Very large, clear white tipped with streaks of red	.50		
Jeanne d'Arc —A choice variety notable for its exquisite perfume and other good cutting qualities. Guards Kilnary pink, center full sulphur yellow flushed pink marked with carmine			
Meissonier —Bomb type, mid-season. Very brilliant crimson, full, double	.75		
		flowers on wiry stems; coloring is wonderfully rich and brilliant. In some markets this is known as the American Beauty Peony on account of the resemblance in color to the rose of that name. Good cut flower, red	
		Edoard Andre (Mechin) —Semi-double type, mid-season. Large, globular blooms in clusters of great effect, deep crimson, shaded black with metallic luster on the reflex of petals; stamens golden-yellow. A magnificent striking flower	1.50
		Magnifica —Blush	.50
		Rubra Triumphans —A satiny-finished, intensely rich crimson; fragrant	.50
		Richardson's Rubra Superba —Very late. Magnificent, rich, brilliant, deep crimson, without stamens; very large, full and double; highly fragrant, and the best keeper of the whole family. It is decidedly the best late absolutely indispensable in any fine collection	1.50
		Triumph de Paris —Guards blush, center bright yellow, tipped pink with streaks of red	1.00
		Virginie —A magnificent bedder—foliage concealed by bloom. Loose globular heads open out to Anemone shape, 8 inches across. From bright rose to blush white, with thick collar and center of deepest yellow	
		Old-fashioned Paeonia	1.00
		Officinalis Rubra flora plena —Bright crimson	.25
		Officinalis Rosea —Bright rose	.50
